## Home-School Assignments

**Class Level:** 3<sup>rd</sup> Class

**Week Beginning:** Tuesday 5<sup>th</sup> May

Dear students,

Thanks for all the great work you have been sending me, I am really enjoying reading the fantastic pieces you have written. Keep them coming and keep up the good work.

Remember if you do not have the necessary technology or access to computers at home to complete set work that is perfectly understandable. Just complete the work that you can do to the best of your ability and I will be happy.

- Some of you might be coming to the end of your handwriting and master your maths books please let me know if you do.

Again any work you want me to see or look over please don't hesitate to email it or a picture of it to me. I will be delighted to put any good work it on the class webpage on the school website for your friends to see with your permission.

The work assigned is **not** to become a burden or stress for families. If you cannot complete it for genuine reasons that is perfectly understandable. Remember we will all be starting from the same place again where we left off before the lockdown.

T. Lyons

## **Typing.com Step-by-Step Guide to "Joining the Typing.com Class"**

**For parents:** Like all the assignments we provide, this is optional. If you believe it will be of benefit to your son/daughter and (possibly more importantly) if you have the laptop, WiFi and time for it then give it a go. The typing course can be completed in approximately 7-8 weeks (taking one lesson per day, using 5-day weeks). Students are free to move as quickly or as slowly through the typing course as they wish but little and often is the best policy we find. Lessons take 10-15 minutes per day. We understand that devices and WiFi are at a premium in homes where parents are working from home online. The lessons could be completed early in the morning or in the evening or when parents are taking breaks from work.

**Set up should be completed by parents as it requires consent to be provided to the Typing.com's Privacy Policy and Terms and Conditions.**

When setting up make the website language is set to "UK English" (not US English).

**Step 1:** Here is the link [typing.com/join#5EA1990FD739E](https://typing.com/join#5EA1990FD739E)

**Step 2:** If a student has a typing.com account already they need only log in using the link in step 1. Alternatively, they can log in to typing.com, go to the "Account Settings" and join another class using the join code "5E7B8B5BC93AA"

If no account has been set up previously click the button to set up a new account and follow the instructions to create a username and password.

**Step 3:** Once registered, click on "Themes" at the top of the screen and select the background and avatar to suit your student.

**Step 4:** Once a student registers for the class, we, as administrators, must approve them joining. This may take some time but we will check the account daily.

On Monday, the only task will be to complete the setup. We will assign 1 lesson daily starting on Tuesday. No lessons will be assigned at the weekends of bank holidays. Don't worry if you don't register on Monday. Register when possible and you and your student can follow the lessons from there.

**Tips:**

- Your daughter/son will need some help initially placing their hands in the correct position on the keyboard. The tutorial will try to highlight this also (right index finger starts on j, left index finger starts on f).
- The course uses audio-visual tutorials to start each lesson so earphones or a headset might be required.

HISTORY

### Meet Juan

Ehi, I'm Juan from Spain. In Spanish, when we say the letter 'j' it sounds like the letter 'h'. My name sounds like 'Huan'.

My country is warmer than Ireland. In summer, it is so hot in the afternoon that many people stop working. Most of the shops close down until later in the day when it is cooler. We call this time siesta.

My mamá and papá have a farm. They grow oranges, lemons and limes, grapes, olives and tomatoes. It is hard to grow these fruits in Ireland because your summers are not as hot as ours.

It does not rain as much in my country as it does in Ireland. Many of the farmers have to water the fruit and vegetables every morning and evening. In Spain we have to buy our drinking water.

This is a map of my country.

### The Caves of Altamira

Here is a true story that you may think goes back over a hundred years – in fact this story goes back 15,000 years, to a time when much of Europe was covered in ice.

Don Marcelino was a rich Spanish nobleman who lived in the North of Spain at the end of the nineteenth century. He loved to read about history and used to spend time walking in the hills looking for things that were very old.

One day, in the year 1879, Don Marcelino took his daughter Maria with him and together they went to the nearby Caves of Altamira. The Don brought a lantern and they went deep into the cave. There the Don was delighted to find what looked like very old tools. But then Maria happened to look at the ceiling and saw paintings of bison and deer.

A cave painting of a bison from the Caves of Altamira.

### Fill in the blanks

1. The name of the Don's daughter was \_\_\_\_\_ and to \_\_\_\_\_.
2. The Don loved to read about \_\_\_\_\_ and to go looking for \_\_\_\_\_ things.
3. The Don and his daughter went to the Caves of \_\_\_\_\_.
4. There are \_\_\_\_\_ on the ceiling of the caves.
5. These paintings are \_\_\_\_\_ years old.
6. The paintings did not fade because the caves are \_\_\_\_\_ and \_\_\_\_\_.

These famous paintings were painted by hunters 15,000 years ago and did not fade because the caves were dry, dark and cold.
