Home-School Assignments

Class Level: 3rd Class

Week Beginning: Tuesday 2nd June

Dear students,

Hope you are all keeping well, enjoying the sun and doing your best with the work I give. Keep up the hard work and tremendous effort, the holidays are just around the corner. I really enjoy reading your work so please feel free to send me anything you would like me to read or review. If you want, I can share it with your friends also on the class webpage only with your permission of course.

Well done on helping the school finish in the top 50 in the world on mangahigh.

Remember if you do not have the necessary technology or access to computers at home to complete set work that is perfectly understandable. Just complete the work that you can do to the best of your ability and I will be happy.

The work assigned is **not** to become a burden or stress for families. If you cannot complete it for genuine reasons that is perfectly understandable. Remember we will all be starting from the same place again where we left off before the lockdown.

T. Lyons

Parents,

If you have any questions, please don't hesitate to email at: tomas.lyons@scoilnaomheltin.ie

Typing.com Step-by-Step Guide to “Joining the Typing.com Class”

For parents: Like all the assignments we provide, this is optional. If you believe it will be of benefit to your son/daughter and (possibly more importantly) if you have the laptop, WiFi and time for it then give it a go. The typing course can be completed in approximately 7-8 weeks (taking one lesson per day, using 5-day weeks). Students are free to move as quickly or as slowly through the typing course as they wish but little and often is the best policy we find. Lessons take 10-15 minutes per day. We understand that devices and WiFi are at a premium in homes where parents are working from home online. The lessons could be completed early in the morning or in the evening or when parents are taking breaks from work.

Set up should be completed by parents as it requires consent to be provided to the Typing.com’s Privacy Policy and Terms and Conditions.

When setting up make the website language is set to “UK English” (not US English).

Step 1: Here is the link [typing.com/join#5EA1990FD739E](https://www.typing.com/join#5EA1990FD739E)

Step 2: If a student has a typing.com account already they need only log in using the link in step 1. Alternatively, they can log in to typing.com, go to the “Account Settings” and join another class using the join code “5E7B8B5BC93AA”

If no account has been set up previously click the button to set up a new account and follow the instructions to create a username and password.

Step 3: Once registered, click on “Themes” at the top of the screen and select the background and avatar to suit your student.

Step 4: Once a student registers for the class, we, as administrators, must approve them joining. This may take some time but we will check the account daily.

On Monday, the only task will be to complete the setup. We will assign 1 lesson daily starting on Tuesday. No lessons will be assigned at the weekends or bank holidays. Don’t worry if you don’t register on Monday. Register when possible and you and your student can follow the lessons from there.

Tips:

- Your daughter/son will need some help initially placing their hands in the correct position on the keyboard. The tutorial will try to highlight this also (right index finger starts on j, left index finger starts on f).
- The course uses audio-visual tutorials to start each lesson so earphones or a headset might be required.
